

HEAT SEALER C3

C3
SYSTEM

This unit completes and extends the fresh product counter packaging options offered by the C1 SYSTEM and C2 SYSTEM, permitting use of a further series of containers and trays.

It provides great operating safety together with easy and efficient use and ensures sealed packaging for maximum product hygiene and protection. This is an indispensable unit for Operators wishing to upgrade and offer top-quality Counter Service to their customers.

TECHNICAL FEATURES

C3 MR - Total weight: 49,5 Kg approx. (without reel)

C3 M - Total weight: 55 Kg approx. (without reel)

Power supply: single-phase - earth

Power voltage: 220 V \pm 10%

Power frequency: 50 Hz

Installed power: 1000 W

Equivalent continuous sound radiation pressure under normal working conditions at a distance of 1 m is:

Leq(A) < 70 db(A)

Peak sound radiation pressure is: Lpe < 63 Pa

OVERALL DIMENSIONS:

A: 525mm

C: 505mm

E: 665mm

B: 275mm

D: 890mm

MINIMUM DIMENSIONS OF WORKTABLE:

F: 254mm

G: 376mm

Above reported data are indicative.

The manufacturer reserves the right to make any technical changes for the purpose of upgrading the machine, without notice.
